

Epidemic/Pandemic Policy

Policy number	1	Version	1
Drafted by	Sarah Palmer	Approved by Board on	20 March 2020
Responsible person	Sarah Palmer	Scheduled review date	March 2025

1. Introduction

From time to time infectious diseases develop into epidemics or pandemics, and create increased risks for the community. These occasions require specific policies targeted at the particular disease in question and general efforts at preparedness.

- 1.1 Dance Health Alliance Ltd. (DHA) wishes as far as possible to protect its clients, its staff, its volunteers, and the general public from infection or contagion by epidemics and/or pandemics.
- 1.2 DHA will facilitate, through its policies and procedures, strategies designed to reduce risks to its clients, its staff, its volunteers, and the general public.
- 1.3 DHA will comply with all directions from authorised public health officers and recognised medical authorities in relation to the epidemic or pandemic.

2. Purpose

- 2.1 The purpose of this policy is to outline the strategies and actions that DHA intends to take to prevent the transmission of infectious diseases that are epidemics or pandemics, and control the transmission of infectious diseases when a case/s is identified.

For the purpose of this policy, **infectious diseases** mean diseases caused by pathogenic microorganisms, such as bacteria, viruses, parasites or fungi; the diseases can be spread, directly or indirectly, from one person to another. This policy is focused on infectious diseases that are declared to be an epidemic or pandemic.

3. Scope

- 3.1 This policy applies to:

Employees	Directors	Officers	Contractors (including employees of contractors)	Volunteers	Suppliers	Consultants
✓	✓	✓	✓	✓	✓	✓

4. Policy

- 4.1 DHA will as far as possible plan for and make advance preparations for the possibility that its operations will be affected by an epidemic or pandemic.
- 4.2 In the event of an epidemic or pandemic, DHA will, as far as possible:

- 4.2.1 Assist its clients, staff, volunteers and others, as relevant, to minimise their exposure to the illness concerned.
 - 4.2.2 Encourage and assist those who have reason to believe that they are at risk of contracting the epidemic or pandemic to obtain a diagnosis.
 - 4.2.3 Support employees, volunteers, contractors and clients to take reasonable precautions to prevent infection or contagion.
 - 4.2.4 Maintain its services and operations throughout the period of concern.
- 4.3 In the event of an infectious disease being declared an epidemic or pandemic, DHA requires people covered by this Policy to take the following precautions:
- 4.3.1 Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.
 - 4.3.2 Maintain at least 1 metre (3 feet) distance between yourself and anyone who is coughing or sneezing.
 - 4.3.3 Avoid touching your eyes, nose and mouth, or shaking hands with others.
 - 4.3.4 Make sure you follow good hygiene, and encourage others to do the same. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze, and disposing of used tissues immediately.
 - 4.3.5 Notify Gwen Korebrits if you feel unwell.
 - 4.3.6 Keep up to date on the latest hotspots (cities or local areas where the pandemic or epidemic is spreading widely). If possible, avoid traveling to places - especially if you are more at risk.
 - 4.3.7 If you are or are likely to be contagious, notify Gwen Korebrits as soon as possible. It may be possible or necessary for you to self-isolate by staying at home until you recover.
 - 4.3.8 Seek medical advice promptly and follow the directions of your local health authority.

5. Leave and Flexibility

- 5.1 DHA may, at its discretion, direct those affected or reasonably at risk of being affected by the pandemic or epidemic, to remain away from the workplace or work remotely.

6. Notes

In carrying out the procedures listed below, DHA will be guided by the information and directions provided by local health authorities and the World Health Organisation, and its occupational health and safety obligations.

Epidemic/Pandemic Procedure

Procedure number	1	Version	1
Drafted by	Sarah Palmer	Approved on	[TBC]
Authorised person	Sarah Palmer	Scheduled review date	March 2025

1. Responsibilities

1.1 The **CEO** is responsible for:

- Ensuring that the organisation's Leave and Workplace Health and Safety policies are consistent with the intention of the Epidemic Policy
- Familiarising staff with recommended procedures regarding epidemic avoidance
- Assessing the organisation's vulnerabilities, in the light of the epidemic or pandemic, to:
 - DHA's own human resources
 - DHA's suppliers of goods and services
- In the event of an epidemic or pandemic,
 - Giving notice to staff, volunteers, clients, and any persons likely to be affected that epidemic or pandemic procedures are in effect
 - Bringing into operation the epidemic or pandemic management procedures specified below
 - Instituting any administrative measures necessary to reduce the impact of the vulnerabilities detailed above

1.2 **Supervisors/managers** are responsible for:

- Ensuring that staff and volunteers are aware of the epidemic procedures in effect at any time.

1.3 **Employees/volunteers** are responsible for:

- Abiding by the epidemic procedures specified below, when informed by authorised staff that epidemic or pandemic procedures are in effect

2. Procedures

The following procedures apply in the event of the CEO giving notice that epidemic or pandemic procedures are in effect.

2.1 **Events**

- The CEO will consider on a continuing basis whether any events involving the attendance of staff or members of the public should be changed, rescheduled or cancelled to minimise the risk of infection.

2.2 **Work procedures**

- The CEO will consider on a continuing basis whether:
 - it is necessary or appropriate for nominated staff/volunteers to work from home.
 - staff/volunteer travel, (or other activities that may cause them to come into contact with other people in Australia or overseas) should be modified or terminated.
 - arrangements for staff/volunteers who work with clients or the public should be modified to minimise risks for all parties.
- The CEO may require any member of staff to not attend the workplace, and/or to work from home, or, if this is not feasible or appropriate, to take [paid Epidemic Leave / Personal Leave/ Annual Leave].
- The CEO may require any member of staff to provide satisfactory evidence that they are fit to return to work.

2.3 **Contractors and suppliers**

- The CEO will consider on a continuing basis whether arrangements with existing contractors and suppliers need to be modified or supplemented to ensure uninterrupted service delivery (See Template 7, “Major suppliers to the organisation” from [Template Pandemic Emergency Management Plan](#)).

3. Health Messaging

- 3.1 The CEO shall familiarise staff/volunteers and others, as relevant, with recommended procedures on epidemic avoidance guidelines (e.g. handwashing, soap, sneezing policy) as appropriate.
